

Covid-19 Update 22/7/20

For your safety, all customers and traders please note new conditions of entry to the Centre, in accordance with the government directions:

Please note as of the 23rd July 2020:

Any visitor or staff member over the age of 12 who fails to wear a mask or face covering in the common areas, may be refused entry to the Centre.

If the person cannot offer a reasonable explanation, or refuses to leave if asked, they will be referred to the police.

Exceptions:

- ◆ Those who have a medical reason
- ◆ Children under 12 years of age
- ◆ Those who have a professional reason
- ◆ Or if it's just not practical, e.g. if entering a bank
- ◆ However you will still be expected to carry your face covering at all times to wear when you can

Masks inside Tenancies:

It will be each business owner's responsibility for supplying their staff with masks and ensuring they wear them when within their premises, unless excepted by the reasons shown above.

Social Distancing:

If any visitor is not practising social distancing in the common areas they will be reminded by Centre Security, and for repeat occurrences may be asked to leave or be referred to the police.

We thank you for your patience whilst we work through these temporary restrictions.
